SCHOOLS WILL NOT OPEN AS EXPECTED

Fever Situation at New Orleans Continues Favorable.

MANY CASES IN PENSACOLA

The Authorities of the Florida City Thought They Had Plague Under Control When It Broke Out Afresh. Other News About Fever.

Total cases to date—2,240.
Deaths today—1.
Total deaths—309.

New Orleans, Sept. 11.—Early morning reports cannot always be taken as a guide to the probable total of new cases and deaths at the end of the day but today's indications were nevertheless favorable to a considerable shrinkage of the number of new cases.

Though the weather is mild any increase in the number of cases lengthens the probable time within which the fever will be entirely eradicated and that is the only source of disappointment when there is an excess of cases over the day before.

This is the last day on which to obtain permits to enter any of the detention camps. Those who get permits today must be in the camps tomorrow because they are to be kept open for only six days longer.

Among the railroad men opinion is divided as to the advantage of closing the camps, some believing the effect will be to increase and others to decrease travel.

Complaints continue to be made to President Souchon, on whose treatment of persons with Marine hospital certificates. They are refused permission to enter some towns in Louisiana and bad faith is charged.

The weather today was warm and clear.

Will Not Open Public Schools.

Although the health authorities here made it known that there would be no objections to the opening of the public schools in October, provided that certain precautions were taken, the school board has decided upon an indefinite postponement of the original date, which was Sept. 25. If there is a steady improvement from this time forward a special meeting of the board will be held between Sept. 25 and Oct. 1, to fix a time for the opening. Hundreds of school children are scattered all over the country and will not be returned here until the fever is practically wiped out.

While the death rate remains so low the federal and local authorities will continue to believe that the situation here is steadily improving, in spite of the slight jump in new cases yesterday. In several instances lately deaths have been due to rather neglect than to inattention, demonstrating that the fever is now appearing in a form so mild that it responds readily to fairly decent treatment. Every day evidence comes of increasing faith in the country in the mosquito theory. The success of the fight here has amazed many of the rural communities, whom experience in the past had taught that yellow fever was uncontrollable once it got a firm hold, as it did this year early in the summer. An instance of the good impression made by Dr. White's work is shown in the action of the town council of Amite City, La., which now announces that it will receive all kinds of fruit and vegetables from New Orleans except bananas and cabbage.

Greenville, Miss., on the other hand is an instance of the other extreme in quarantine. Because there has been an inconsequential spread of the infection in that state, the Greenville health officer has announced that nobody now outside of the county will be allowed to enter after Sunday and that unless there is a remarkable improvement in conditions, rigid regulations will be continued until frost comes.

Summit, Miss., which was very strict at the beginning of the fever has now taken a liberal attitude and removed the quarantine against certain [illegible] provided it is certificated by the Marine Hospital Service. From Minden, La., Health Officer Vance wired Superintendent Ford, of the Vicksburg Shreveport and Pacific road to screen all cars entering the parish. It is indicated in the reply that rather than screen the train will not enter the parish.

As an indication of their faith in the belief that this is the last visitation of yellow fever, New Orleans will have the directors of the recently merged canal and Louisiana banks are about to announce the erection of a modern ten story bank and office building at the corner of Camp and Gravier streets. The present Canal and Provident bank buildings will be torn down for the purpose.

Situation at Pensacola.

Mobile, Ala., Sept. 11—A special to the Daily Item from Pensacola, Fla. says:

Seventeen cases and three deaths was the resume of fever situation up to noon today. This takes in the entire time of presence of fever in Pensacola. R. O. Winters, former soldier and Will Fisher, policeman, both died from the fever last night. Fisher's funeral occurred this morning, friends attended, with Chief Scnad and several officers. Winters body was interred two hours after his death. Mayor Bliss this morning made official statement that no new cases have developed since last evening at 6 o'clock.

A number of suspicious cases have been reported.

The work of fumigation is general today.

The cordon around the isolated territory was lifted somewhat this morning upon orders issued by Dr. Porter. Heads of families and wage-earners are permitted to go outside of the lines to assume their positions.

The district quarantined more than two weeks is almost deserted.

CLUNG TO HER DEAD BABE.

Infant Died on Train but Mother Kept It a Secret.

Chicago, Sept. 11.—A dispatch to the Record-Herald from Stockton, Cal., says:

With the body of her 19-months-old baby clasped in her arms as though it were a living child, Mrs. Abraham Coulter, covered the journey from Reno, Nev., to Carters, Tuolumne county, this state, keeping back the tears as best she could and sharing with no one the fact that her child had died on the train.

Mrs. Coulter feared that if the conductor of the train on which she was coming west from her old home in Wisconsin, should learn of the little one's death, he would take the corpse from her. Accordingly, she resolved to tell no one the facts, and took care of her other two children who with her, while holding the tiny corpse.

She arrived at Carters yesterday, where he husband, who had gone there several months ago from Wisconsin, had made a home for her.

Railroad's Earnings Show Increase.

Denver, Sept. 11.—The nineteenth annual report of the Denver and Rio Grande Railroad company shows the total earnings for the fiscal year ending June 30, 1905, to have been $17,031,507, an increase of $585,073 over last year. The expenses for the year amounted to $10,168,900 making the net earnings $6,862,546. In the report of President E. T. Jeffrey, it is officially announced that the control of the new Western Pacific has been placed in the hands of the Denver and Rio Grande, and that the new railroad will be a part of the system which has its general offices in Denver. It has been generally known for some time that the Western Pacific was owned by the Gould interests, but this is the first official anouncement of the fact.

Army Worm Attacks Cotton.

Newbern, N. C, Sept. 11.—The army worm appeared in Craven county, N. C., ten days ago and the pest has already destroyed $25,000 worth of cotton in the fields being completely stripped. The pest is spreading and numbers of farmers will lose almost their entire crop. Spraying has been resorted to.

GRAIN ELEVATOR IS BURNED TO GROUND

Chicago Firemen Were to Extinguish the Flames.

LARGE LOT OF GRAIN DESTROYED

845,000 Bushels of Wheat, Valued at $750,000, Eaten Up by Flames—Lumber Yards Caught on Fire but Were Soon Put Out.

Chicago, Sept. 11.—The Santa Fe elevator, containing 845,000 bushels of grain was destroyed by fire here today. Losses estimated at $750,000.

The building, located at Twenty-seventh and Wood street, was a 5-story frame structure. The fire is thought to have been started by spontaneous combustion in a wheat bin on the top story. An explosion was heard by several workmen who have hurried to that floor. The firemen experienced considerable difficulty in reaching the fire, and in obtaining water, although 20 engines and two fire tugs were at the scene. The nearest water plug to the fire was more than 200 feet away, while others were almost 400 yards from the building.

The elevator is controlled by Harris, Scotten company, grain brokers, and was valued at $300,000.

Forty or more grain cars were standing on a side track near the building, when the fire started. Engines were called and these were removed under heavy risk by the train crews. None of the cars burned.

Within 15 minutes after the fire had been discovered, the entire building was a mass of flames. The heat was intense and the firemen were forced back from the building. An hour after the fire the floors of the building collapsed, and later the sides of the building gave way.

Hundreds of bushels of grain flowed into the river from the north side of the building.

The elevator contained about 845,000 bushels of grain, of which about half was oats.

The fire was one of the most spectacular that has occurred in years.

Large embers were carried across the river to the north and fell among the lumber piles in the yard of John Spry Lumber company, Hines Lumber company, and the Side Side Lumber company.

To Prevent a repetition of the lumber yard fire of 1891, five engine companies were sent to the lumber yards to extinguish several small fires which had been started by the flying embers from the burning elevator. The elevator was 400 feet wide and 175 feet long. It contained 60 bins. It was located on the banks of the South branch of the river in a maize of railroad tracks and docks.

Awful Devastation in Caucasia.

Tiflis, Caucasia, Sept. 11.—The Armenian bishop of Shusha has sent a message to the authorities here saying that the devastation and resultant misery at Shusha is appalling. The fighting between the Tartars and Armenians continued untinterruptedly for five days and hundreds of killed and wounded are lying in the streets. The bishop after added that the greater part of the town is now charred ruins; that the buildings destroyed include the government offices, churches, schools and ships. He urgently appeals for food, funds and other necessaries for the starving and homeless thousands.

Cholera on the Wane.

Hamburg, Sept. 11.—Dr. McLaughlin, of the United States marine hospital service, says the preventive agencies here, "have colera by the throat," to use his expression, and "that there is scarcely one chance in a thousand of an epidemic." Three days have now passed without another case, and if Monday passes without one, it may be assumed that the cholera here has ceased to be sporadic. Instances may still occur from importations from Prussia or Russia, but they can be dealt with summarily as were those already treated.

EARTHQUAKE WROUGHT HAVOC

People of Towns Are Destitute and There Is Much Suffering.

Nocera, Italy, Sept. 11—Signor Ferrari's, the minister of public works arrived here today by special train Monteleone.

Trains coming from Calabria are delayed. The Naples express was five hours behind time. The railway lines in Calabria are much damaged, making it necessary for trains to proceed slowly after an inspection of the route. Travellers arriving here from Calabria are profoundly impressed with the disaster. The depot at Parghelia is completely destroyed.

The travelers recount seeing villages reduced to ruins and men and women half clothed weeping and seeking to find a place to bury the bodies of their relatives. All the depots from San Giovanni to Santa Eufemia are invaded by the populace demanding succor. The spectacle is terrifying.

Preparing to Send Help.

Rome, Sept. 11.—A meeting of the cabinet ministers probably will be held tomorrow to consider measures for the relief of the sufferers from yesterday's earthquake in Calabria. King Victor Emmanuel has given $20,000 for the relief of the families of the victims. At Messina, the walls of many houses and caurches were cracked by the earthquake and otherwise were more or less seriously damaged.

STOLE $15,000 WORTH OF JEWELS

Was Employed as a Scrubwoman for Wealthy Pawnbroker.

New York, Sept. 11.—While employed as a scrubwoman Mary Deonna, an aged widow, is accused of having acquired in the last month jewelry valued at $15,000 from a large pawn shop in Brooklyn. Her nephew, 20 years of age, is alleged to have been used in disposing of the plunder.

Both were arrested last night, the police stating that they have confessed and that about one-third of the property has been recovered. A pawn broker through whom the nephew disposed of considerable jewelry, also is under arrest.

So secretly was the work conducted that discovery was only by accident. About a week ago a patron of the pawnshop applied for redemption of a diamond ring valued at $350, which he had pawned for $200. When the manager endeavored to find the ring it was missing. Subsequent investigation disclosed the heavy loss noted.

German Cruiser Goes on Rocks.

Singapore, Straits Settlements, Sept. 11.—The German protected cruiser Sea Adler, which left this port yesterday for German East Africa in view of the febellion there, struck the submerged Kent rocks, 12 miles from here and remains stranded there in a bad position. All the effeorts made to haul her off have proved unsuccessful. The Sea Adler is of 1,140 tons displacement and 2,700 indicated horse power, giving her a speed of about 16 knots. Her armament consists of eight 4.1 inch quick firing guns and a number of smaller rapid fire guns. Her engines, boilers and deck are protected by one to three inches of steel. The Sea Adler was built at Hamburg and was launched in 1892.

Births Decrease in Pittsburg.

Pittsburg, Sept. 11.—A table of the births and deaths in Pittsburg during the past 14 years, prepared by City Physician Dr. B. A. Booth, for the bureau of health, shows a startling decrease in the number of births notwithstanding an increase of the population. In 1891 there were 7,067 births the rate per thousand being 28.61. In the same year there were 5,832 deaths the rate per thousand between 23.61.

Taft and Party at Shanghai.

Shanghai, Sept. 11.—The United States transport Logan with Secretary Taft and party on board have arrived today. All the American travelers went ashore, but there was no official reception. The secretary was interviewed on the Japanese situation, but was non-committal. The Logan will leave here at 7 o'clock this morning. All are well on board.

FORTY KILLED BY POWDER EXPLOSION

Five Buildings Are Reported to Be Entirely Destroyed.

SIX BODIES ARE RECOVERED

A Passenger Train Was Passing the Buildings at the Time of Explosion and Was Jarred So That Every Window Was Broken.

Connellsville, Pa., Sept. 11.—The Rand powder works, 6 miles from Uniontown, Pa., blew up at 9:15 this morning. There were 50 men employed at the works, and it is feared many have been killed. All the telephone and telegraph wires have been destroyed and communication interrupted.

It was stated in a telephone message to Fair Chance that the loss would probably be between twenty and thirty. The Rand powder company had five separate buildings and employed about 45 people. The entire five buildings are said to have been destroyed.

Six bodies have been taken from the ruins Already. There were two explosions.

Among the six bodies recovered is that of Mr. Rand, manager of the plant.

There are said to be from three to five to forty bodies still in the ruins.

It is said that the explosion was in a car of powder and spread to the buildings of the plant. One of the odd features of the affair is that a passenger train No. 52, on the Pittsburg and Ohio northbound train from Morgantown to Connellsville, was passing the scene at the time the explosion occurred. The train was jarred tremendously and every window was broken.

A number of the passengers were cut by the showers of glass that fell about them, but nobody was killed on this train, but it is said that some were very seriously hurt.

The concussion was like an earthquake to the country [illegible] and in the surrounding towns caused great excitement which was increased by the fact that communication on the trolley line was broken for several miles from here. It was said that Manager Rand was killed, but was seriously hurt.

The first thing he did after he was carried to a telephone so that he could talk to his wife in Uniontown as he knew she would be there [illegible] the explosions and believed that nothing else than his voice would reassure her.

The search for the bodies is progressing slowly, and it will be some time before anything like a correct estimate of the casualties can be made.

General Manager Rand was taken to Uniontown at 11:30 and reached his home.

Big Reunion for Old Vets

Loganville, Ga., Sept. 11.—There will be a reunion of old veterans at Loganville, Ga., Friday the 22nd of September, 1905. The surviving members of the Thirty-fifth Georgia regiment are especially invited to attend to reorganize their old association. It is expected that all veterans and sons of veterans, with their families and friends, who live within reach of Loganville, will be present with well filled baskets. A good time is anticipated, good music and speaking will be the order of the day.

Rawlings' Motion for New Trial

Thomasville, Ga., Sept. 11.—The motion for a new trial in the case of J. G. Rawlings and his sons W. M., Jesse and Leonard, will be argued in the Thomasville court house before Superior Court Judge Robert Goodwell, Saturday morning at 10 o'clock. Attorney John R. Cooper has arrived from Macon and Solicitor Thomas will be here at midnight. Cooper has put up a hard fight and has a long list of reasons why the new trial should be granted. There is great interest here in the case.

SPACE SECURED FOR STATE FAIR

Alachua County Has Secured One of Mort Desirable Locations.

ALACHUA WILL BE THERE

With One of the Finest County Displays Ever Seen at a State Fair in the South—Interest Grows Warmer. Many Exhibits Already Sent In.

Major John W. Tench, collecting commissioner of the Alachua County Fair Association, has returned from Tampa, where he went on Friday to confer with T. J. Laud Brown, president of the Florida State Midwinter Fair Association, in regard to Alachua's exhibit at the State Fair, and to select the space required for the same, as well as to secure what other information that may be necessary in the direction of having the county exhibit show off to the best advantage.

Major Tench states that he was cordially received by President Brown and other officers of the State Fair Association, and was escorted through the grounds, which are now being prepared. Work on the big main building is progressing rapidly, and will be ready fully two weeks before the opening of the Fair, which will be on November 15.

Three spaces have been allotted to Alachua county, 40x37 feet, which will be used for the exhibit. These spaces will occupy one of the most prominent positions in the big building. In another department of the grounds arrangement was made to exhibit the stock and fowls, while the educational and women's exhibits will occupy still another building.

The following changes will be made in the premium lists: For any boy under fifteen years of age bringing the best mechanical device, made by his own hand, a free ticket to and from the Fair, with all expenses paid. This premium was originally $2 cash.

For the best display of buggies manufactured in Florida, $25 gold medal; for the best display of wagons manufactured in Florida, $25 gold medal. These premiums were originally blue ribbons.

For the best dairy of not less than five cows, actually in operation on the grounds, $200; second best, $100.

Nelson-Littell.

A quiet marriage was performed at the home of Dr. and Mrs. Lartigue at 5 o'clock Monday afternoon, the contracting parties being C. P. Littell, a merchant of Hudson, Fla., and Miss Hilma Nelson of South Carolina.

Miss Nelson has resided in this city for some time, making her home first at the Odd Fellows' Sanitarium and later at the home of Dr. and Mrs. Lartigue. She is a young lady of exceptionally fine features, a general favorite among those who know her, and a friend to all.

The groom is a progressive business man of Hudson, and a gentleman of fine character. He has been successful, because he has made numerous friends who are loyal to him and his interests.

Mr. and Mrs. Littell departed Monday night for Cedar Key, where they will take the former's private launch for their future home this morning.

Congratulations of friends go with the happy couple.

Morris-Mallard.

W. O. Morris of this city and Miss Florrie Mallard of Darien, Ga., were married Sunday at the latter place, and have arrived in Gainesville, which will be their future home.

The groom is a young man well known here, where he was reared. The bride, who is an accomplished young lady of sweet disposition, also resided here for some time, and since removing to Darien has visited here several times. She has a large number of friends among the young people who admire her for her social qualities, and who will be delighted to learn that she will again become a resident.

Friends of the contracting parties extend congratulations.

Otter Creek Marriage.

E. A. McColskey of Lakeland and Miss Nora Williams of Quitman, Ga., were married at the home of Mr. Fisher, Otter Creek, Sunday evening at 8 o'clock, Rev. S. B. Rogers of the First Baptist Church, this city, officiating.

Mr. and Mrs. McColskey passed through this city Monday on their bridal trip. Both are popular young people, and will receive the hearty congratulations of their friends.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing down pains, urine too frequent, scanty or high colored, producing scalding or burning, or deposits like brick dust in it; unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back running down the inside of her groin, she may be sure her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it.

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—

I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

THE YELLOW FEVER.

Death at Pensacola Believed to be Yellow Fever—No New Cases.

Pensacola, Sept. 11.—A Wolfburg, consular agent for Norway and Sweden, died early this morning from what was thought to be yellow fever, although a post mortem will be necessary to determine the truth. There were no new cases reported up to noon today. A detention camp will be established at Flomaton Junction.

At New Orleans.

New Orleans, Sept. 11.—From 6 p. m. Saturday to 6 p. m. Sunday there were 27 new cases and seven deaths. From 6 p. m. yesterday until noon today there were 16 new cases and one death. Total cases to date 2,305; deaths 317.

Elsewhere.

One new case at Natchez, Miss., Sunday.

Four new cases were reported at Vicksburg on Sunday. No new points of infection in Mississippi.

MAKING GOOD PROGRESS.

Southern Bell Lines Extend Nearly to Waldo—Big Force Employed.

The lines of the Southern Bell Telephone Company, which the company proposes to extend from this city to Jacksonville, have been stretched to within a short distance of Waldo, and fine progress is reported.

Manager J. A. Goodwin of the local exchange states that a force of about forty men under direction of Superintendent of Construction J. M. Goodwin, is engaged, and that they will average about one mile per day of complete line. The line will only be constructed to Baldwin, where connection will be made with the line extending from points in West Florida to Jacksonville.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or society, club, hospital or organization public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchant through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their name and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each day's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

IMPORTANT CHANGES IN A. C. L. OFFICE

J. G. Torrey Has Been Made Freight Agent at This Point.

AGENT STROBHAR IN NEW YORK

Is Reported Ill in That City, Which Will be Learned With Regret by Friends—Chas. W. Parham Receives Appointment as Chief Clerk.

Some important changes have been made within the past two or three days in the local management of the affairs of the Atlantic Coast Line Railroad. J. G. Torrey having been appointed freight agent of the road, succeeding Agent J. N. Strobhar, who is now in New York sick. Mr. Torrey assumed his duties Monday. He states, however, that the appointment is a temporary one, pending the illness of Mr. Strobhar.

Agent Strobhar has been connected with the Atlantic Coast Line in the capacity of freight agent for many years. He is regarded as a thoroughly competent, as well as obliging official, and his friends hope for his early recovery.

Mr. Torrey, the new agent, is by no means a stranger in railroad circles in this state. He has been for the past twenty years engaged in railroad work, having been connected with the Florida Southern in the pioneer days of that road—later with the Plant System, and with the Atlantic Coast Line since the Plant System was absorbed. For the past five years he has been in this city acting in the capacity of chief clerk to Division Superintendent Ford. He is a thorough railroad man in every branch he has served, and will retain for the system here the popularity created and established by Agent Strobhar.

There will be no change in the office force of the freight department.

Chas. W. Parham, train dispatcher, has been assigned to the chief clerkship in the superintendent's office, and assumed his new duties Monday. Mr. Parham is also an old and competent railroad man.

NEWS OF CITY AND COUNTY CONDENSED

Lowe Smith of Evinston was in the city for a few hours yesterday. Mr. Smith was en route to Waycross, Ga., where he had information of the illness of his brother.

Perry M. Colson and S. G. Gay left yesterday for Jacksonville on business. These gentlemen expect to engage in the manufacture of naval stores together but have not yet decided upon a location.

Prof. M. C. McIntosh of Tallahassee, chief clerk in the office of Superintendent Holloway, was in the city for a few hours yesterday, and left in the afternoon for his home at Rex, where he will be the guest of relatives.

S. S. Nelson of Williston was among the visitors to this city Sunday. Mr. Nelson is associated with J. H. Manners of the International Harvesting Machine Company in farming at Williston. Mr. Nelson, who is a practical farmer and trucker, is manager of the business.

FOR SELLING LIQUOR.

Two Prisoners Were Arraigned Before Justice Colman's Court Monday.

Two charged with selling liquor without a license, Patrick Taylor and Dan Edwards, colored, were arraigned before Justice Colman Monday. They were arrested late Saturday night, and it is charged that a full case of pints of the whiskey were found in Edwards' room.

In the absence of witnesses the cases were continued until Thursday, and the defendants in default will wait in jail.

Attention, K. of P.

The weekly meeting of Mt. Tabor Lodge No. 30, Knights of Pythias, will be held at Castle Hall, Masonic bank this evening at 8 o'clock, at which a full attendance is desired. Visiting brothers will be welcomed.

Cause of Insomnia.

Insomnia nearly always disturbs the kidneys more or less and is often the direct cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LAKE VIEW ITEMS.

Interesting Budget of News From That Lively Settlement.

Lake View, Sept. 11.—It has been some time since our little burg has been heard from. So here we are again.

Several have been on the sick list, but all are well again.

Miss Queen Johnson has closed her school, and after a pleasant visit to friends at Center returned home Saturday.

Miss Zona Turner is visiting relatives at Gainesville and Wacahoota this week.

A. J. Johnson is at Orange Lane helping E. J. Johnson.

Miss Maggie Vaughn, a charming young lady of Orange Lake, visited the family of J. M. Turner Sunday and Monday.

Miss Annie Turner returned from Willeford Saturday, where she just finished the summer term of school.

Mrs. J. H. Pendleton of High Springs is visiting her mother, Mrs. F. F. Paulling.

Mrs. S. Patterson and Miss Nellie McCarroll of Gainesville, who have been visiting Mrs. W. S. Jackson, returned Friday.

S. F. Johnson, who is now at Reddick, spent a few days at home this week.

W. S. Jackson paid a visit to the Central City last Tuesday.

In the Mayor's Court.

Acting Mayor Broome had a lively court Monday morning, the following cases being disposed of:

William Nichols, charged with disorderly conduct, fine of $5.75 and costs.

Julia Casmey, disorderly conduct, $2.50 and costs.

Ethel Tipper, disorderly conduct, $2.50 and costs.

Benjamin Gorman, charged with disorderly conduct, was discharged, as there was not sufficient evidence to convict.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edma, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Bride's Sister Fell Dead.

Des Moines, Iowa, Sept. 9.—While dressing to attend the wedding of her sister, Miss Kate McVey to Judge J. G. Park, of Kansas City, Mrs. Ed McVey, sister of the bride, was stricken with heart disease and died five minutes later. The wedding party in waiting at the First Methodist church was kept in ignorance of the tragedy by the husband in order that the wedding festivities might not be be interrupted.

Steamship Held for $51,000.

Norfolk, Va., Sept. 9.—The Spanish steamship Gadatino, of Bilboa, which sank in the gulf of Mexico, off the Willacoochee river, in May last, and two months later was floated by a wrecking company, was libelled in the United States court here recently for $51,000 salvage. The Gadatino, upon being raised, was towed to the Hampton Roads for repairs and is now at Newport News.

Envoys Dine With Roosevelt.

New York, Sept. 11.—Baron Komura and Minister Takahira left their apartment at the Waldorf-Astoria hotel today to take luncheon with President Roosevelt at Oyster Bay. Baron Rosen and M. Witte expected to leave later in the day and to arrive at Oyster Bay in time to dine with the president tonight. M. Witte visited Columbia university.

All is Quiet at Tokio.

Oyster Bay, Sept. 11.—Minister Griscom at Tokio in a brief cabled report to the state department at Washington, which was transmitted today to President Roosevelt said that the situation in Tokio was quiet and that there had been no further disturbances. The guard at the American legation has been reduced to eight soldiers.

Bandit's Residence in Flames.

New York, Sept. 11.—Zniat, the place where Raisuli, the bandit leader, has established his residence, is in flames, according to a Herald dispatch from Tangier. The town which is a day's march from Tangier is reported to be closely invested by men of the Anghera tribe and it is expected that Raisuli will either surrender or be captured.

Captain of Ship Suicides.

Boston, Sept. 11.—The death of Captain Isaac Franzer by suicide and the loss of eight men by going astray in a fog, was reported by the remaining members of the crew of the Boston fishing schooner, Joseph H. Crowell who brought the vessel into this port today.

Japs Donate $10,000 to Charity.

Concord, N. H., Sept. 9.—At a meeting of the governor and council of this city yesterday, Governor McLane formally announced to the council the gift to the state by the Japanese plenipotentiaries of $10,000 to be divided among the charities of New Hampshire.

Report of Cotton Ginned.

Washington, Sept. 9.—The census office today issued a report of the cotton ginned of the growth of 1905 to Sept. 1, 1905, as follows: Counting round bales as half bales 469,500 bales as against 347,821 for 1904.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

How to Eat German Carp.

The Clifton Hill (Mo.) Rustler gives the following directions for eating German carp: When fishing, if you catch a German carp clean it and hang it out in the sun six weeks to dry, then nail it to a pine board and cover it thoroughly with salt or mud. Let it stand for two months longer, and then bake it two days. Remove the nails, throw the carp over the back fence and eat the board, but never eat the carp.

The Artist's Industry.

Bacon—You say your artist friend is industrious? Egbert—Very. Why, I've known him to work over four years on one picture. Bacon—Is that possible? Egbert—It is. He was a month painting it and four years trying to sell it!—Yonkers Statesman.

More Appropriate.

Rita—Did you say "This is so sudden" when Jack proposed?

"No. I intended to, you know, but I was so flustered that I forgot and cried, 'At last!' instead."

Proved

"Do fishes grow fast, Jimmie?"

"Some of them do. My father caught one last year that grows an inch every time he tells about it."—Cassell's.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

It is hinted that Ybor City needs cleaning morally as well as from a sanitary standpoint.

Paul Blackshear has been locked up in jail at Bartow charged with violating the bird law.

The orange trees at Oviedo are looking well, but the crop of fruit is not so large as last year.

The fish business at Punta Gorda continues good and some large shipments are being made.

Monroe county has voted $60,000 for improving its school facilities, and work will begin at once.

It is said that the people of Milton keep a watch all night, so that refugees from Pensacola cannot steal in on them.

It is said that Jacksonville's new Jim Crow law will conform with the constitution and will stand the test of the courts.

DeFuniak Springs has commenced to clean up and will not stop until it is the slickest town in the great northwest of the State.

Work on the new hotel at Palmetto is progressing rapidly, and that thriving town will have a fine place for tourists this winter.

Eugene Masters has resigned the captaincy of the St. Augustine Rifles and Harry M. Snow will succeed him. Capt. Masters will be missed.

In the Polk county court on Thursday last, L. C. Tanner was found guilty of selling liquor without a legal right. A motion for a new trial has been made.

Dr. J. J. Harris, aged 78 years and a former representative of The Miami Metropolis at West Palm Beach, is seriously ill at the home of his daughter in the latter city.

Two trains tried to pass on the same track this side of Tallahassee, Saturday morning, and the result was the demolition of the two engines and a colored man injured.

Warren Frazee, known as "Alligator Joe," has already hatched out five thousand little alligators at his farm near Miami. He thinks it will prove to be a very profitable business.

The local option election in Putnam county is the topic that is before the people of that section and the race will be a hot one. The wet outlook seems to be a trifle the best at present.

C. E. McMullen has sold his interest in The Lakeland News to his partner, M. F. Hetherington, and will devote his whole time to his official duties as clerk, treasurer and assessor of Lakeland.

The Presbyterian ladies of Punta Gorda gave a "mum" social a few evenings ago at which the men had a most enjoyable time, although some of the ladies were too disgusted for anything.

As a proof that yellow fever is war, it is only necessary to state that one drug firm in Pensacola has just received a ton and a half of sulphur, making several tons since the fever broke out.

The sick sailor on the steamer Shawmut from Tampa, which was detained at the quarantine station at Reedy Island, Del., on suspicion of having yellow fever, has turned out to be typhoid.

A large crowd of St. Augustine people assembled in the council chamber of that city to hear the trial of Policeman Nelson, but the way the high court went at the business was declared to be illegal, so the officer was dismissed.

There is a kick being made by some of the lovers of alligator music because they are being slaughtered in Lake Dora, which is a branch of or related to the Ocklawaha river, in which water these birds are under a protective duty.

Ed Alvarez, the fellow who has cut a figure in the Bradford county courts and who was out on bail pending a hearing of his case by the Supreme Court, has been surrendered by his bondsmen and gone to the convict camp to await developments.

When it comes to petit larceny or something easy, there is where the courts of St. Augustine shine, and Raymond Kelton was convicted under the charge, although he would have got off free if the court had not have had the charge changed, as the ring he stole was a bazaar bargain and did not have the value necessary for the charge of grand larceny.

BAD BLOOD

INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. My system and general health have been wonderfully built up, and I no not hesitate to give S. S. S. the credit for it. H. MARTIN. Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

Adventures of a Bank Note.

A lady passing down the Rue Richelieu had the misfortune to lose a pocketbook containing, among other valuables, a 1,000 franc note. The pocketbook was picked up by a chair mender named Renaud, who lives at Montreux. He placed it very carefully in his pocket and proceeded home. It is not often that a chair mender has occasion to change a note for that amount, and Renaud, recognizing the impossibility of turning it into gold without detection, agreed with a friend to do the business for the consideration of 100 francs. This friend, Lucien Mathern, also a chair mender, was in his turn filled with appreh[illegible]sion. The difficulty was solved with the aid of a horticulturist named Simonnet, who kindly consented to buy himself a horse for 300 francs and return the change. Renaud was thus richer by 600 francs. All might then have gone well if, two days later, it had not been discovered that the horse had been stolen from a dealer at Meaux. This led to the arrest of the trio, and later in the day the police put their hands on the horse thieves.—Paris Messenger.

A Dark Dungeon.

About the middle of February, 1862, while in winter quarters, General Naglee of Pennsylvania, who was a strict disciplinarian, was in command of the First brigade, of which the Second New Hampshire was a part. He thought the guardhouse of the Second regiment too comfortable quarters for prisoners and ordered Colonel Marston, who later won fame as a soldier, lawyer and statesman, to build a dungeon without so much as a crack or opening anywhere, so that it should be perfectly dark. The dungeon was built with four solid walls, and one day General Naglee came over to inspect it. He was accompanied by Colonel Marston. "Where is the entrance," said the general, "and how do you get anybody into it?" "Oh," said Colonel Marston, "that is not my lookout. I simply obeyed your orders."

The Possibilities.

A Richmond (Va.) judge tells a story which illustrates the difficulty met in trying to stop the carrying of pistols. A tough youth was brought before the judge, charged with firing a revolver in the street. The testimony in the case was to the effect that the young hoodlum had filled himself with whisky and had discharged his weapon in a crowded street. "Twenty dollars and costs," said the magistrate. "But, your honor," interposed counsel for the prisoner, "my client did not hit anybody." "Why, you admit that he fired the gun?" "Yes, but he fired in the air," explained the lawyer. "Twenty dollars and costs," repeated the judge. "He might have shot an angel." And the riotous fellow went to jail, not having the money to pay his fine.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. CLEANING UP THE CITY.

Those connected with the sanitation of the city of Gainesville are deserving of much credit for the work being done with the limited means at their hands. The sanitary fund of the city seems to have been overlooked in some manner, yet the health board has managed to have considerable cleaning of streets and cutting down of weeds done by the street committee. There has also been a great deal done in draining off the water wherever it may be found in pools about town, and much credit is due the board for making a persistent effort to have our city in a condition to ward off any contagion that may be in the air.

There has been some talk among the medical profession—whose names we withhold for ethical reasons—that Gainesville has been "distressingly healthy" so far this season, and we are pleased to record this fact. It speaks well for our city as a sanitarium for the invalid, and no town has a more healthy atmosphere than we enjoy here the season round.

PENSACOLA.

However the fever may affect business in Pensacola, says The Journal, the business men of the city all realize, we think, the importance of maintaining a bold front as well as putting up a bold fight to suppress the disease.

The only way to maintain that bold front to the public is through the newspapers. The public and the outside world generally will judge of the effect of the fever here, entirely by the appearance of the newspapers—they will have no other way to determine it. If the newspapers maintain their regular appearance, well and good; if they fail to do so, the city itself will be the sufferer.

The business men of the city are to be congratulated on their proper appreciation of the situation. The adequate support of a newspaper is not a large thing to each one of them individually, but it means in the aggregate a great deal to the newspaper which is reflecting to the public every day the spirit and the enterprise of the city itself.

FLORIDA STOCK.

Each issue of The Stockman, published at DeFuniak Springs, and The Florida Fruit and Truck Grower, published at Ocala, have recently contained illustrations of the fine stock—particularly cattle—that are attracting the attention of the farmers of Florida at the present time. The introduction of choice grades of cattle into the State shows excellent judgment on the part of the farmer, for it costs no more to produce a high grade cow or beef animal than it does the native breeds.

The demand for these cattle for the beef market will increase every year as the country develops, and as this State will supply the Cuban markets with beef, there will be room for many more to engage in this industry with profit. Every year the fodder crops are being improved, and cattle will pay as well as cotton or corn in this State.

NO MISFITS.

There are no misfits in Gainesville. We have men in office that are fitted for the positions they occupy, and there is no internal discord about matters of public interest. The head of the city government fills his place with dignity and for the city's welfare, the other officials are quite as efficient, and all seem to work for the same end—the betterment of our city. No city in Florida is making more steady progress than Gainesville, and it is simply because there are no men connected with the municipality that are working for anything but its best interests. Where all are united for the welfare of the city there can be nothing but success follow their efforts, and it is a fact beyond contradiction that within the corporate limits of the city, among the men who have the manipulation of its affairs, Gainesville has "no misfits."

Japan's purchases from the United States in the fiscal year just closed amounted to $51,724,726, an increase of $27,000,000 over 1905. Her sales to the United States aggregated $52,113,372, an increase of $5,600,000.

Atlanta is still receiving refugees, in spite of the State Health Board. They come by way of Nashville.

The Japs are beginning to sober down a little and have stopped fighting each other.

Railroad ties dipped in a solution of creosote will last many years longer.

Norway is having a hard time to fill on "kings up."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

SUNSTROKES.

There are many people in this world who never try to build themselves up, preferring to tear down others.

A man from the North was asked if he was a Democrat, when he replied that he was, believing in a future existence. That settled it.

Sunstrokes are not always fatal, but they are sometimes very warm. Those under this heading are only cast about for the good they may do.

The man of nerve says "please allow me a little space in your paper," and then proceeds to rattle off a column on "yellow fever epidemics."

The dirt will soon commence to fly on the Panama Canal, as the Government is going to advertise for men to work. The proper way to get help.

The Florida mosquito is much livelier than those of the North. He is so quick and his harpoon so sharp, that he will make a thrust and get away before the average mortal has a chance to strike.

A man wants to know what causes seasickness. He prefers an ocean trip to rail, but is seasick every time he goes by steamer. If he will only keep out of the poker games on the boat he will not be so sick at sea.

A Battle Creek, Mich., health food is claimed to be "stronger than meat." If it is stronger than some we have met at boarding houses during our checkered career, we will pass up the health food and send for the scavenger.

The man who never spent a summer in Florida does not know very much about the pleasures of this life. It is the best remedy in the world for a man that is getting hump-shouldered. Nothing will cause him to brace up more than the warm weather of summer in this climate.

It can be said to the credit of Gainesville, that there is less politics talked here than in any other town in the State. The people are too busy to talk politics out of season, and while some other places have been warring over who will be the next Governor, the business men of this city are planning what is for the best interests of our town.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the use until I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

NEWS TERSELY TOLD.

Six new cases of cholera and one death were reported today at Bromberg, Prussia, in the five villages of this administrative district.

An official bulletin issued at Berlin anounced that 19 new cases of cholera and seven deaths were reported during the 24 hours ending at noon today.

Newspapers announce, says a dispatch from Valpraiso, Chili, that an American syndicate has been organized with a capital of $100,000 for investment in Chili.

The council of French ministers has decided on the reassembling of parliament either Oct. 17 or Oct. 30, the date depending on the wishes of the presidents of the two chambers.

The American liner, Philadelphia, which sails from Southampton today for New York, will have among her passengers Frank B. Noyes, James R. Garfield, Bishop Thomas, B. Neely, of Buenos Ayres and Bishop Cortlandt Whitehead, of Pittsburg, Pa.

Fire, which started in the boiler and pumping house of the Iron City Brewing company, at Pittsburg, between Thirty-fifth and Thirty-sixth streets in the Lawrenceville district, caused a loss of $75,000. The flames spread to the main building and machine shops both of which were partially consumed

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W M. Johnson.

Japanese Surgeon in America.

San Francisco, Sept. 11—Dr. S. Susuki, chief surgeon of the Japanese army, and close companion of Admiral Togo, has arrived here on his way to the convention of physicians and surgeons soon to assemble at Detroit. He was chosen to represent the Japanese medical service at the request of the United States government. On being told of the terms of the peace treaty, he said: "This will be a great blow for our people, who have made such sacrifices to prosecute the war. I am sorry to hear of the rioting in Tokio, and fear the end is not yet."

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Fatally Shoots Brother-in-Law.

Columbia, S. C., Sept. 11—Meager details from Saluda say that State Senator Eugene S. Blease, of Saluda county, shot his brother-in-law, Joe Ben Coleman, four times, one bullet taking effect in the hand, one in the shoulder and two others in the body. Physicians say that either of the body wounds is sufficient to produce death. The shooting occurred in front of the Smith Bros.' store, and five shots were fired. It is not known whether Coleman returned the fire, or what what caused the shooting.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

New Consul Appointed.

Washington, Sept 11—Announcement was made at the state department today that J. Martin Miller, who was appointed consul at Aix-La-Chappelle, but who was refused an exequatur by the German government, has been appointed consul general to Auckland, New Zealand, and that Consul General Dillingham at Auckland, has been appointed to the post at Aix La-Chappelle.

A SWIMMING POOL.

How to Make One In a Brook or Running Stream.

The brook or running stream of natural outdoor water gives a variety of chances for the man who wishes to live his life aright. The brook can be converted, without being diverted, into a swimming pool for boys by building a dam at the point where the banks do a little extra shelving and tend to form a natural basin. The bottom should be spaded out and made more of a reservoir in its capacity and shape. The dam itself can be made by a family of boys at the cost of the lumber and nails involved. The embankments are sodded. The sides of the spillway are made of wooden posts driven into the ground and boarded up. This makes a box up affair, or rather two boxes, one on each side of the stream. These boxes are filled with sand, rocks and sods to make a solid cubic piece of resistance. The sodded embankments run across the valley or depression of the brook hollow to the higher ground. By means of a lever—a pole (playing into a wooden jawed socket and weighted with a rock or pieces of iron)—the water gate can be opened against a strong headway of water. The water flows over the top of the spillway when it is closed, and by raising the gate the pond can be emptied or reduced to the normal level of the brook. —Country Life In America.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

The Weight of the World.

A cubic foot of earth weighs about five and a half times as much as a cubic foot of water. A cubic mile of earth then weighs 25,649,300,000 tons. The volume of the earth is 259,880,000,000 cubic miles. The weight of the world without its atmosphere is 6,666,250,000,000,000,000,000 tons. If we add to this the weight of the atmosphere given above, we get a grand total—6,666,255,819,600,000,000,000 tons.

Thin Plaster.

Paper Hanger—We'll have to paper right over the old paper. We can't get this paper off without taking the plaster along with it. Owner (modern cottage)—Because the paper sticks to the plaster? Paper Hanger—No, because the plaster sticks to the paper.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

A Curious Custom.

In Byfield, a small Northamptonshire village in England, a curious old custom is still observed in connection with the letting of certain land. The ceremony is held in different licensed houses in the vicinity, and the clergyman presides over the proceedings. The company, chiefly consisting of local farmers, is seated round a large table. Presently one of them rises and bids a certain amount, immediately walking round the table and out of the door. If this can be done before the next bid is made, the land is his for the season; if not, bidder No. 2 commences the walk, and so on. This curious auction occupies some considerable time and causes great excitement.

Interested.

An English magazine tells a court story. A counsel in the middle of his cross examination was handed a telegram. "Hello," he said, as he read it, "So-and-so has won the Derby." "Mr. A.," said the judge severely, "it is very unseemly that in the course of solemn judicial proceedings, where a man's liberty and reputation are at stake, you should be talking of the winner of a horse race. Er—by the way, does the telegram say which were second and third?"

$628,195,359 IS VALUE OF CROP.

Fleecy Staples Brings Enormous Sum to Southern Farmers.

New Orleans, Sept. 11.—Secretary Hester's annual report was issued in full today. He puts the cotton crop for 1905 at 13,565,885 bales, an increase of 2,534,511 over that of 1903.

He says that compared with last year in round figures, Texas, including Indian Territory, has increased 1,600,000, and the group known as other gulf states, consisting of Louisiana, Mississippi, Tennessee, Missouri, Oklahoma, Utah, and Kansas has increased 1,106,000, and the group of Atlantic states, Alabama, Georgia, Florida, North Carolina, South Carolina, Kentucky and Virginia, has gained 1,741,000.

He puts the average commercial value of this crop at $46.31 per bale, against $46.65 last year, and the total value of the crop at $628,195,359, as against $617,501,548 last year and $480,-000,000 the year before.

Referring to values he gives details of prices showing that taking the cotton crop as a whole the highest figure for middling was 11 3-16 cents per pound at the opening of the season in September and the lowest 6½ cents on the 25th of December, but says that the crop as a whole averaged strict middling and that the average value per pound was 8 98-100 cents compared with 12 15-100 last year.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

To Change River's Course.

Chicago, Sept. 11.—A dispatch to the Tribune from Los Angeles, Cali., says that in a vote of 11 to 1 the electors of Los Angeles yesterday endorsed the proposition that the city turn the course of Owens river and bring its waters here from the Sierra Nevada 240 miles distant. A bond issue of $23,000,000 is provided for. The cost is estimated at $23,000,000, and the time required for construction from four to five years. It is proposed to furnish water for the irrigation of 150,000 to 200,000 acres of land in Los Angeles county as well as to meet the demand of the city for domestic purposes.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for sale. These worthless imitations are mostly in similar sounding names. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Standard Oil Acquires Plant.

San Francisco, Sept. 11.—The Chronicle says that there is no longer any room to doubt that the Standard Oil interests have acquired the San Francisco Gas and Electric company. The price paid, according to information received in New York, is $25 and $65 in bonds for each share of the company's stock. The purchasers deposited $500,000 with the Mercantile Trust company of this city as a guarantee that they will carry out their part of the contract.

Oil Well Machinery Destroyed.

Los Angeles, Sept. 11.—Private dispatches from Kern county say that the machinery in 3,600 oil wells has been destroyed. Despite the rain, a renewal of the fires and incendiarism is apprehended. The tents of the hungry unemployed persons are constantly increasing and it is an additional danger.

Destroyed by Worms.

Nothing is more distressing, not from pain, than a child who, although fed abundantly, does not thrive trouble arises from the fact that its food is not assimilated, but is destroyed by worms. A few doses of Kickapoo Worm Cream Vermifuge will cause them to cease crying and commence to thrive at once, very much to the comfort and joy of the mother. Sold by W. M. Johnson.

PALATIAL TRAIN FOR BANKERS.

Every Convenience Will Be Given the Financial Men on the Trip.

Chicago, Sept. 11.—What will be probably the most palatial train ever to leave Chicago will be the Bankers' Special, which will go over the Big Four October 7. It will carry 500 prominent financial men of the west, delegated to the convention of the American Bankers' association at Washington, Oct. 9.

The train will consist of ten of the finest Pullman cars—four open sixteen section sleepers, two compartment sleepers, a buffet library, an observation car and two of the Big Four's new dining cars.

In addition to the porters there will be negro maids and barbers, also salt water baths, a ticker service for receiving market reports and probably a wireless telegraph apparatus. At Indianapolis two cars of the Indiana bankers will join the party.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Jumped from Auto Under Engine.

Anniston, Ala., Sept. 11.—J. F. Hilton, a pioneer citizen of Edwardsville, Cleburne county, met a horrible death while out driving in a friend's automobile. The accident occurred on the Southern railroad, near Edwardsville. The autoists were attempting to cross the track and jumped from the vehicle as a freight train struck the car. The unfortunate man jumped just in front of the train and was mangled. He was the father of O. A. Hilton, a prominent statesman of this city. The deceased was 70 years of age.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

Will Hold for Ten Cents.

Montgomery, Ala., Sept. 11.—Most of the planters of this section have signed the following agreement: "We the land owners and farmers of Montgomery county, will call a meeting, to be held in the city of Montgomery within four days at which meeting we will obligate each land owner and farmer to take the cotton that is offered for sale by our tenants at ten cents and credit the amount and hold said cotton to prevent it from being sold at less than ten cents in this market."

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

For people realize the importance of attending to any eye or nervous affection at once. If neglected, there are no diseases more apt to become permanent than those affecting the eyes and nerves. If troubled at all in this way, do not fail to see the renowned eye and nerve specialist, Dr. E. H. Armstrong of Jacksonville, during his professional visit here Sept. 13 and 14. The Doctor will be located at the Brown House.

READ THIS.

DYERSBURG, TENN., June 1, 1901

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. OLIVER.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

B. B. Hopson has returned from High Springs where he has been in the interest of the Georgia Mutual Life Assurance Association, of which he is general agent.

Rev. S. B. Rogers returned yesterday from Otter Creek, where he went on Sunday to perform the marriage ceremony between E. A. McColskey and Miss Fannie Williams.

Dr. G. N. Davis has returned from Williston. Friends of the Doctor will regret to learn that he has been seriously ill with fever for the past two weeks, but glad that he is up again.

On account of the Grand Lodge, I. O. O. F., the Atlantic Coast Line will sell on September 13, 14 and 15, round trip tickets to Philadelphia, with final limit to October 5, at $31 05. See J. A. Goodwin, Ticket Agent.

W. T. Jones of Sampson City, member of the firm of Venable & Jones, naval stores operators, was in the city for a few hours Sunday. He was en route to Kanapaha for a short visit with his family, who recently returned from the beach.

E. H. Smith of Tioga, superintendens of the naval stores interests of the Cummer Lumber Company, was in the city Saturday, for the purpose of increasing his team force. He purchased from Crawford & Davis five head of fine young mules.

Lieutenant J. W. Blanding and Sergeant W. O. Morris have returned from Sea Girt, N. J., where they were with the Florida team in the International shoot for the past two weeks. The people of Gainesville are proud of the record made by these young men, which was as good as the average of the entire enlistment.

Conductor J. P. Miles of the Atlantic Coast Line, with headquarters in Palatka, was among the visitors to this city yesterday, having come on official business. He says Palatka is more prosperous just now than at any time in recent years. Real estate is changing hands frequently at fair prices, and many buildings have been erected within the past eight months.

J. J. Spear, traveling representative of the Brown Carriage Company, Cincinnati, was in the city yesterday. Mr. Spear has a family of wife and four children, and has been very deeply impressed with Gainesville by reading notices in the various papers and magazines as being an ideal place to live, and an educational center. In this means he was attracted here, and the result is that he may make this the permanent home of his family.

Wanted—Copy of Twice-a-Week Sun dated June 15, 1905. Kindly mail to this office.

Saturday, September 9th, about 10 p. m., an open-faced gold watch was taken from the nail on which it was hanging at Jeff Simmons' restaurant, 107 W. Liberty street. Liberal reward paid for return of watch and no questions asked.

The Savannah News of Saturday contained mention to the effect that Miss Fannie Weeks, the lady who so tragically met her death by falling into a boiling spring in Yellowstone Park a few days recently, was an aunt of Mrs. Dr. J. H. Colson of this city. The unfortunate lady was not an aunt of Mrs. Colson, but a distant relative. She has been a resident of Washington, where she was employed in government positions for many years.

If you wish for positive proof of the success of the treatment prescribed by Dr. E. H. Armstrong and staff, the renowned eye and nerve specialists of Jacksonville, write to the home office, 11 Laura St., Jacksonville, for the names of patients who have been restored to perfect health, without drugs or operations, after all other means had failed. They will be furnished gladly. These specialists are paying Gainesville a special professional visit on Sept. 13 and 14, and may be seen at the Brown House.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrashing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.
